INF5790, questions from assigned readings, April 8th, 2011

1. How does the Knowledge Practice Environment (KPE) represent the knowledge creation perspective? Explain using both the:
   a. Learning theoretical, and
   b. Tool design perspective

2. Discuss differences and similarities between two types of mediation: shared/common space vs. peer-to-peer. These are represented by the two types of technologies featured in this lecture (KPE, shared space) and in lecture 8 (mobile devices).
