

Technology-Enhanced Learning (INF5790)

Spring 2011

Anders Mørch & Ingeborg Krange

February 18, 9:30 – 12

**Theme: Instructional scaffolding**

- Scaffolding is a key concept in TEL
- Its origination and its connection to Vygotskian thought (e.g ZPD)
- Applications to TEL design
- Critiquing
- Scaffolding in collaborative learning environments
- *Note:* The two last papers do not use the term scaffolding, and the first paper do not make an explicit reference to Vygotsky
