INF5790 Technology-Enhanced Learning: Principles and Tools

Theme: Interaction Analysis

Ingeborg Krange

Article presentation by Ingeborg: What is interaction analysis?

- Joran, B. & Henderson, A. 1995. Interaction Analysis: Foundations and Practice. *The Journal of the Learning Sciences*, 4(1), 39-103.

Main topics to be discussed:

- What are the basic principles behind interaction analysis?
- What are typical research questions?
- What types of data are typically collected?
- How do we select data for analysis?
- How do we analyse these data?
