Setting a vision for 2025 and beyond

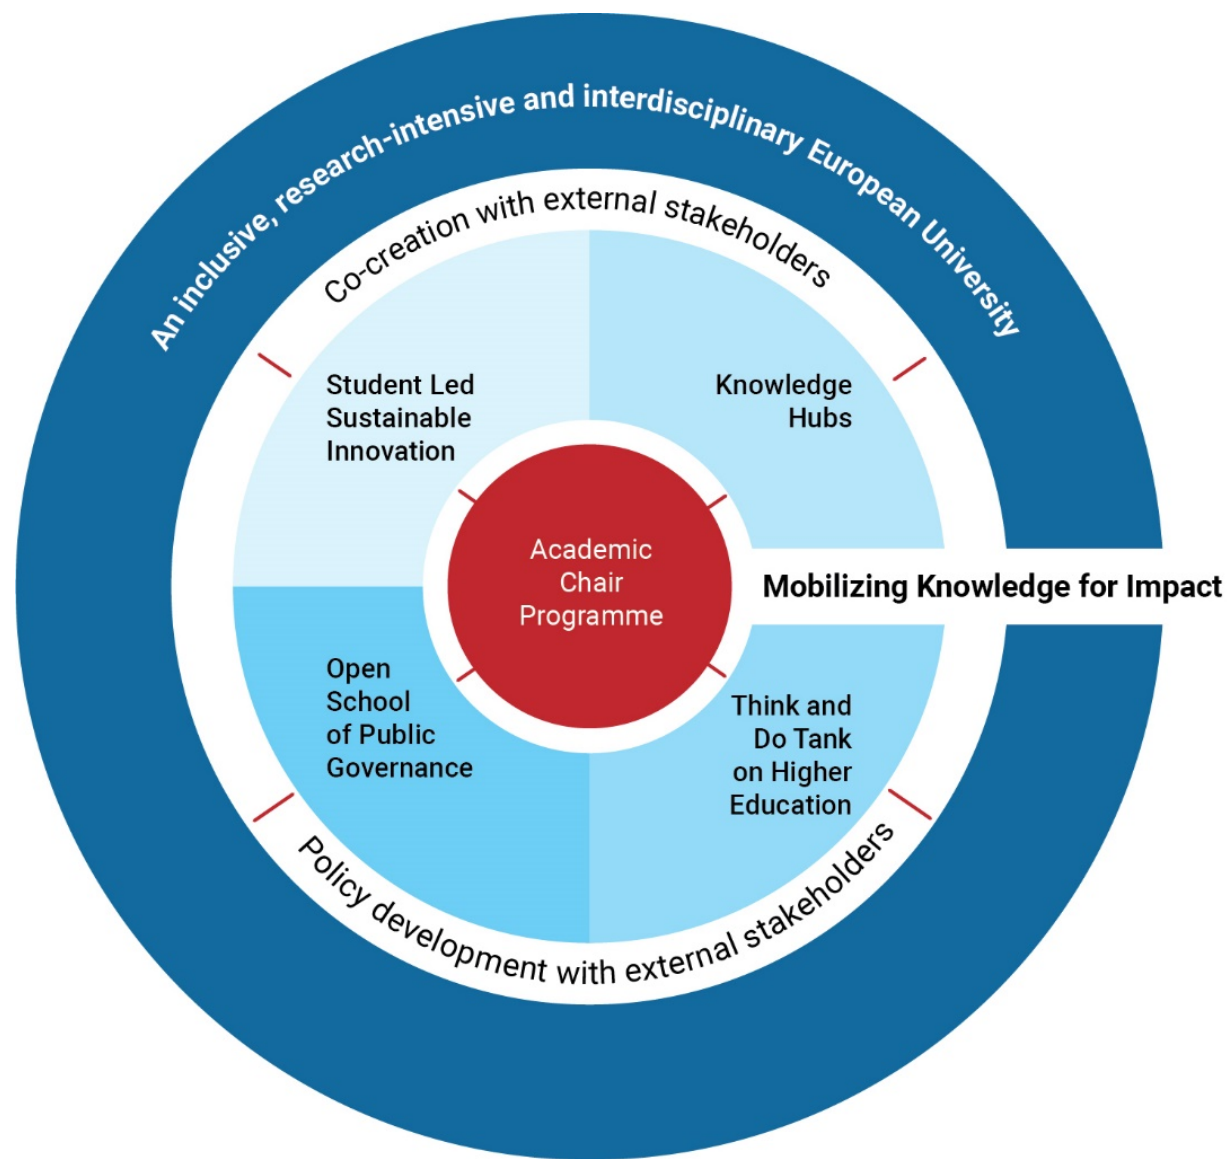

“The aim of this initiative is to bring together a new generation of creative Europeans able to cooperate across languages, borders and disciplines to address societal challenges and skills shortages faced in Europe.”

«We're in this for the long run»

Gjennom denne alliansen tar vi et betydelig steg fra mer kortsiktig og prosjektbasert samarbeid til langsiktig og integrert utdanningssamarbeid.

Ambisjonen er at dette vil føre til en transformasjon av universitetet, særlig når det gjelder arbeidet med:

- Samskaping
- Digitalisering
- Mobilitet

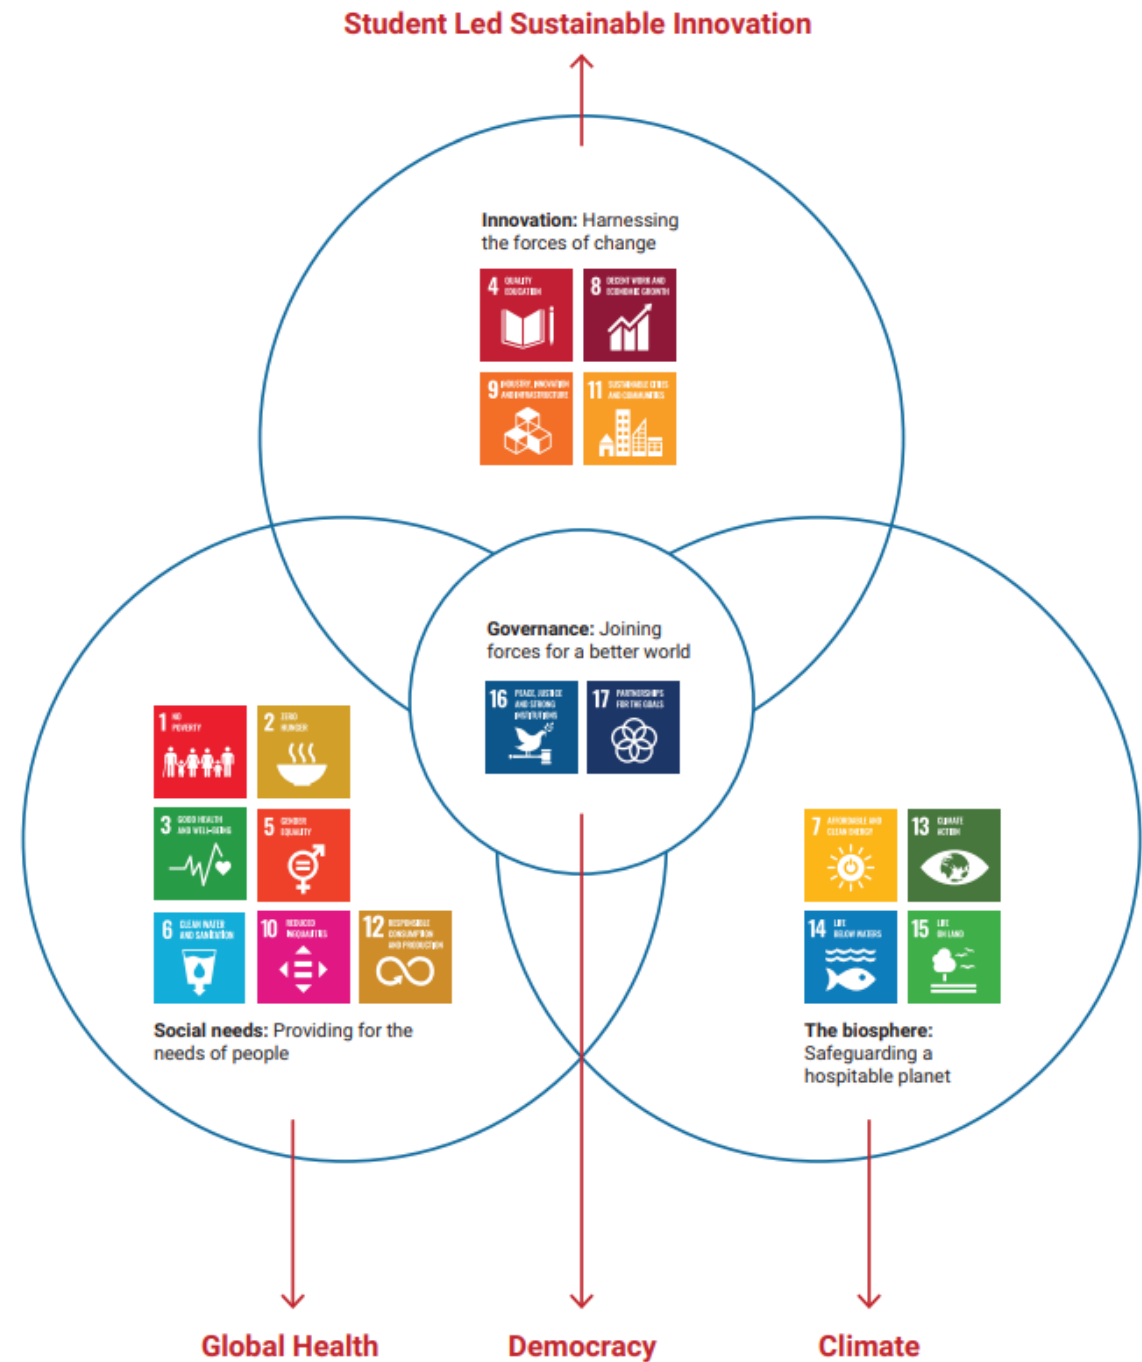

Vår ambisjon

Bygge plattformer der studenter og ansatte kan samarbeide på tvers av land og fag...

1. ...med associated partners, for å belyse og løse ulike samfunnsutfordringer
2. ...i samspill med nasjonal og europeisk forvaltning for å bidra til kunnskapsbasert politikkutvikling og god forvaltning
