Fears of a NATO Withdrawal Rise as Trump Seeks a Return to Power

Current and former European diplomats said there was growing concern a second Trump presidency could mean an American retreat from the continent and a gutting of NATO.

WORLD

Trump told E.U. that U.S. would never help Europe under attack, senior official says

Thierry Breton, a French commissioner who is responsible for the European Union's internal market, said Trump made the remarks to European Commission President Ursula von der Leyen.
