

i Information document

The exam is open from 9:30 to 12:00. Your uploaded files will be delivered automatically then the exam is over.

1. Exam Questions

The exam questions are to be answered in a text editor, for instance Word, and saved as PDF.

The answers must be uploaded in inspera within the time limit. Also here we recommend using a template: <https://www.uio.no/studier/eksamen/innlevering/oppgavemal/>

Answer TWO of the THREE assignments in the home exam question section. For all assignments, you should discuss the questions in addition to explaining different arguments from the curriculum. You can freely choose to use contributions from Exphil I (Philosophy and History of Science) and Exphil II (ethics), but it should be clear from your discussion why these contributions are relevant to the assignment.

Recommended time use: Up to one hour per assignment.

Formal requirements:

- **Independence.** All parts of the examination must be your own independent work and a result of your own learning and efforts. Therefore: do not “copy and paste”, use your own words, and do not work together with other students during the exam.
- **References.** If you use literal repetition/word-for-word repetition of something that another author has written then references must be given. If you give a free rendering (in your own words) of something another author has written or said (paraphrase), then you do not need to reference. It is not required with a list of references on these home exam questions.

Generally for both the semester paper and the exam questions:

- **Plagiarism control:** All submissions are electronically checked for plagiarism against online resources, various text databases, and other students assignments submitted this semester and earlier. If submissions fail to refer to sources or coincide with other responses it can lead to suspicion of cheating and can result in serious consequences for you as a student.
- **The exam will automatically be submitted when the exam time is out.** If you chose not to submit even though you have started the exam then you must withdraw from the exam, or delete all of the answers that you have made. You can withdraw using the menu in the upper right corner.

If you encounter any technical problems, you can call student adviser for Exphil, Gunnar Mangset at 22 84 44 35.

Good luck on your exam!
