

***JUS5650 (Enforcement and Dispute Resolution in a Digital Context)***

**Topic for the term paper – Spring 2012**

“The rise of an electronic medium that disregards geographical boundaries throws the law into disarray by creating entirely new phenomena that need to become the subject of clear legal rules but that cannot be governed, satisfactorily, by any current territorially based sovereign.”

David R. Johnson and David G. Post (1996)

***Discuss the above in the light of statutory and private efforts to regulate cyberspace.***
