

Labs and lab report submission

- The lab is in the Physics building, room V442 (4th floor, west).
- Nominally three weeks are assigned to each microcontroller lab assignment.
- **The lab report should include all source code. Put all source files (.c, .h, .VI, etc.) in a zipped folder.**
 - Log in at ***devilry.ifi.uio.no***, and upload your lab report.
 - Make sure to label files with exercise number.

Lab assignment	Submission by
LabVIEW Lab 0	6.2
uC Lab 1	27.2
uC Lab 2	20.3
uC Lab 3	17.4
uC Lab 4* (fys4240 project)	8.5

* Get your project work (Lab 4) approved by the TA before you start on the lab! Select either a microcontroller project or the LabVIEW DAQ project.

If you cannot make the submission dates you MUST contact the TA as soon as possible, and get an approval for a delayed submission!

If your lab report submissions are too late you will not be able to take the exam!
