IN5210 – A short guide to exam

09.11.2018

Agenda

- Short feedback session
- A few advices for the exam

Feedback

- Please respond to the «kurskritikk»
 - Be honest
 - Be constructive

Two questions for you

- What was the one most important and successful element in IN5210 (must be continued)?
- What was the one thing that did not work at all (must be discontinued/changed)?

Exam

Home exam

Practicalities

Start: 12.11.2018 at 09:00

- Available from the course web
- Only for students with approved seminar participation

End: 30.11.2018 at 12:00

- Hand-in using Devilry

Practicalities

Do NOT put your name in the text or in the filename

DO put your candidate number in the text and in the filename (e.g. 123.pdf/123.doc)

Home exam in general

- Individual assignment
 - Discussion with fellow students is ok
 - Handing in the same answer(s) is considered cheating
- You are not expected to use 3 weeks
 - Approximately 3-4 full working days (if you have read the syllabus and participated actively in the seminar discussions)

Follow the structure

- Answer the question in the order they are given
- If you feel the need to give a question a particular interpretation, make it explicit

Make it readable

- You have the time to avoid making it appear as being written in a rush
 - Use a spellchecker
 - Read over a couple of times to make the text coherent

FAQ

- If you have questions during the exam, send an email to pnielsen@ifi.uio.no
- If I answer, the question and the answer will be posted on the [exam FAQ](#)
- My answer may also be that I refrain from answering

Any questions?
