

Project in STK4140/STK9140 Design of Experiments - spring 2011.

Deadline: Friday, May 20 at 2pm.

The completed project should be marked by your name. It should be delivered at my office B 821 in the Niels Henrik Abel's building. The project and the written exam will count equally for your grade. It is permitted to talk together, but all answers should be guaranteed to be your own.

Assignment No. 1.

Exercise 32 p. 144-45 in the textbook. To ensure that you have slightly different data sets:

Olav: Add 1 to the decrease in pressure for the first animal.

Marianne: Add 2.

Simon: Add 3.

Thi-Thuy: Add 4.

Any other participant: Add 5 or 6.

Assignment No. 2.

Exercise 20 p. 246 in the textbook.

Assignment No. 3.

Exercise 21 p. 247 in the textbook.

Good luck!

Inge S. Helland
