

| Type | Name | General comments | Specific comments | Link/Resource |
|--|------------------------------------|--|--|---|
| UiO | E-l ring ved MedFak | Medical educational resources at UiO. A bit tricky to find and navigate in the UiO-site but lots of useful information. | | https://www.med.uio.no/studier/ressurser/ |
| | Digital learning at UiO | Useful overview incl instructions for installation of Zoom. | | https://www.uio.no/tjenester/it/digital-undervisning/ |
| | Zoom | Pre Gr ttums detailed and precise instructions. Recommended! | <i>Recording of lecture in Zoom</i> | http://meddev.uio.no/elaring/fjernundervisning/zoom_record.shtml |
| | | | <i>Conference in Zoom</i> | http://meddev.uio.no/elaring/fjernundervisning/zoom_conference.shtml |
| General sites | Elsevier | Register at Clinical Key Student and login with UiO credentials. The system is totally e-book-based, thus not constructed for digital or interactive learning. Use the "Book Shelf" function as for e-books in other systems. (HHs impressions at a quick glance presented beside) | <i>Includes 5 pediatric books (no videos)</i> | https://www-clinicalkey-com.ezproxy.uio.no/student/login?target=%2Fstudent |
| | | | <i>Amusing presentation of series of facts and tips, partly highly relevant and partly of Trivial Pursuit-character.</i> | 1. Paediatric Clinical Examination made Easy |
| | | | <i>Based on questions, partly at a highly specialized level. Anyway several relevant topics that could be used for discussions or cases.</i> | 2. Pediatric Secrets |
| | | | <i>A bit unsystematic and insufficient short-version of traditional text-books</i> | 3. Practical Pediatrics |
| | | | <i>Case-based. Seem to promise more than it gives, but may be used for cases and "clinical pearls".</i> | 4. Pediatric Morning Report |
| <i>Traditional but very compressed text book with innumerable and detailed lists and tables.</i> | 5. Nelson Essentials of Pediatrics | | | |

| | | | | |
|------------------------|---------------------------------------|---|--|---|
| | Medscape Clinical cases | High quality, ready-made cases on selected topics, structured for presentation. Includes imaging and clinical comments. | | https://www.medscape.com/index/section_1668_0 |
| | Khan Academy | Well structured collection of charming, whiteboard-like 5-10 min presentations on very detailed topics, usually good of quality. | | https://www.khanacademy.org/science/health-and-medicine |
| | Amboss | German structure in a medical knowledge platform. Useful but pricey. (You may get ideas for cases etc in the trial period) | | https://www.amboss.com/us |
| Pediatric sites | Pediatrics.no | UiOs most used site for years. Structured collection of links. Not maintained last 2-3 years. | | http://meddev.uio.no/elaring/fag/barnesykdommer/index.shtml |
| | American Academy of Pediatrics | Complex system of courses and cases related to American requirements. Partly available, difficult, probably not very useful. | | https://www-aap-org.ezproxy.uio.no/en-us/Pages/Default.aspx |
| | Pedscases | Huge Canadian collection of user-produced real digital learning resources consisting of cases, videos, podcasts, tests etc. Free. Strongly recommended! | | https://www.pedscases.com/ |
| | Don't forget the bubbles | Australian Pediatric educative site, mainly recorded lectures. Not so helpful for teachers. | | http://dontforgetthebubbles.com/ |
| Quizes | Kahoot | | <i>Probably well known. (From \$3/month)</i> | https://kahoot.com/ |
| | Quiz maker | All are easy to use and suitable for distance learning. Varying limitations in free versions. | <i>Biggest. (From \$30/month.)</i> | https://www.quiz-maker.com/ |
| | ClassMarker | Improved functionality with many possibilities and different pros and cons in paid versions | <i>Designed higher education but mainly for tests. Cheap (punchcard system)!</i> | https://www.classmarker.com/ |
| | Mentimeter | (NOK 40-1000/m) | <i>Available via UiO</i> | |
| | Socrative | | <i>Designed for classroom teaching</i> | https://socrative.com/ |
