Institutions in a Changing World

- ▶ **Challenge I:** build a general (and tractable) model to analyze the dynamics of *institutional changes* (democratization, extension of political rights, creation/fail of nations, constitutional reforms, endogenous evolution of social norms...);

Institutions in a Changing World

- ▶ **Challenge I:** build a general (and tractable) model to analyze the dynamics of *institutional changes* (democratization, extension of political rights, creation/fail of nations, constitutional reforms, endogenous evolution of social norms...);
- ▶ **Challenge II:** investigate how these institutional changes *interact* with changes in the distribution of *political power* and in the *economic structure* (feedback effects).
