Installation of OxMetrics/PcGive and Oxedit (an editor) on your PC.

1. Follow the link on this page to download the zip file (oxmetrics62_student.zip) to a USB "pin". Remember, you need to be logged on to a UiO machine. The license is for registered UiO students.
2. Copy the zip file from the USB pin to your laptop.
3. Unzip, i.e. extract the files.
4. Run (Double cklick) the file called install.bat and the program will install.
