

6th Seminar assignment in ECON 4245

1. Any remaining questions from seminar 5
2. Explain (in words) why ownership concentration is so high.
3. Why do countries with poorer investor protection have smaller financial markets?
4. Empirically it seems that better financial system gives better growth. Explain why this is sensible.
5. Explain, by using reasoning from the first chapters of Oliver Hart's book, why better legal system increases investment.
6. Discuss the links between Henrik's and Tone's parts of the course.
7. Kommenter følgende nettavisutklipp:
"Pengene er sure i seg selv. Men i tillegg kan store utenlandske investorer begynne å lure på om norsk-kyprioten har mistet grepet. De 850 millionene blir småpenger mot hva en tillitssvikt vil kunne koste Fredriken og selskapene hans.
- "Cred-en" i markedet er mye mer verdt enn de 850 millionene det er snakk om her, sier Fredriksens høyre hånd Tor Olav Trøim"
