**Office hours**

My office hours this semester are Wednesdays 15:00–16:30, room 1130 in the Eilert Sundt building. (Exception: No office hours Wed 28 January.) You are encouraged to come and ask questions, in particular when you are preparing written answers for seminars, in which case you will need to contact me a week ahead of the seminar. (Answers to seminar problems need not be perfect, but I will try to help you in the right direction.)

Apart from this, you can contact me by e-mail, [diderik.lund@econ.uio.no](mailto:diderik.lund@econ.uio.no).

**Update of reading list:** In the reading list that is available on the web page,

<http://www.uio.no/studier/emner/sv/oekonomi/ECON4510/v15/pensumliste/index.html>

the first four sections of chapter 12 of the 3rd edition of Danthine and Donaldson are included. This was based on the chapter list that was available from the publishers as late as November 2014, but in the book, the relevant chapter is chapter 11, not chapter 12. Please notice this update.
