# 1 Exam

For both questions the following applies: In answering the question, you must draw on at least three ethnographic/empirical examples from the syllabus, including one of the monographs.

Please answer one of the following two questions:

1. Kinship and gender have been described as becoming “scrambled” by recent social, economic, and technological developments. Discuss this claim.
2. How does recent scholarship on kinship and gender complicate debates around “natural differences” and “biological givens”?

Good luck!
